**Dam Breach Update**

Sheila mentioned she was hoping she would have an update on the dam breach analysis. She explained notification had been placed on various media outlets that they would be placing the dye in the lake. It appeared to go seamlessly and the only green sighting was down the spillway where it was supposed to be. She further explained the concern that DEP has about the possibility of seepage but nothing occurred in those areas. Question was asked if a representative from DEP was there to check it to which Sheila replied no. Steckbeck took pictures and documented the event. She explained DEP had wanted us to dredge out where the piping was, but when the testing was done, it was dry and the pipe wasn't submerged in water, so they were able to observe that area. She mentioned that Josh from Steckbeck Engineering was going to be talking to DEP. She said she was hoping to have an update but hasn't heard anything as of yet.

**Pertinent Issues**

Sheila reported they have been experiencing the normal vandalism at the parks. She explained that Dave had planted some wildflowers and someone cut the flowers off of the sunflowers.

She also mentioned that they have received no further disc golf sponsors. A discussion followed regarding the possibility of a disc golf tournament.

She also stated they had an Eagle Scout candidate who has plans to paint the concession stand.
